(9) While departmental conferences within the State have been held in abeyance on grounds of economy, it is all the more necessary that deputations of officers outside the State for attending Conferences -- particularly to distant places which will involve heavy cost to Government -- have also to be avoided as far as possible. In the present case, the officer has been invited to attend the Conference in his private capacity and does not attend it as a delegate or representative of Government. So, travelling expenses for attending it are not to be borne by Government, especially under present financial conditions. The proposal to grant him T.A. is therefore not financially acceptable.

Dear Mr. Rajagopalachari

I am writing to say that I have been invited by the organizers of the Ninth All-India Educational Conference which is to be held at Karachi in the Xmas week to attend the Conference and to deliver a lecture on "Unemployment and Education". As Government are aware, I have been attending such Conferences recently at my own expense with the approval of Government, who have been good enough to consider my absence as on duty. In this case, however, I am afraid, if Government approve of my accepting the invitation, that I must ask for something more than the concession of my absence being treated as on Govt. duty. The expenses of the journey will be considerable, and therefore, as in the case of my Journey to Lahore last time, I shall be grateful if Government will kindly sanction the usual travelling and halting allowances.

I enclose the letter of the Secretary for kind reference and return.

Yours sincerely,
N. S. Subba Rao
